

R.V. Roof Air Lifting Systems

Don't raise a sweat, just your roof!

Simplifying R.V. and camper travels worldwide.

Air Lifter Applications

- *EXTERNAL POP TOP ROOFS LIFT*
- *INTERNAL POP TOP ROOF LIFT*
- *LIFTING BED STORAGE ACCESS*
- *LIFTING A-VAN CRUISLINER TOP*
- *LIFTING CAMPER TRAILER STORAGE*

Difficulty lifting your roof?

Then here is the solution. A tough lightweight Australian designed and made product.

Custom made...

Each Roof Air Lifter Kit is individually made to suit your RV. You have no worries if it's going to fit, you only have to worry if you don't fit a Roof Air Lifter Kit.

Easy Fit...

Our unique patented design enables the air lifters to be easily fitted to all RV's with a pop top roof, without affecting the look or functionality of your RV. The slim line air lifters simply fold back into the roof area when you lower the roof.

Maintenance...

The ease of this design requires minimal to no maintenance at all.

Installation...

This kit is sold as a D.I.Y. kit or we also have qualified fitters in all states if required. Please refer to website for your local fitter.

Warranty..

All kits sold come with a no fuss 12 month warranty.

UNIQUE DESIGN!

The first of its kind! The highly effective and efficient air lift system is fully patented and is custom made to suit your recreational vehicle.

Each Roof Air Lifter Kit contains custom made air lifters, with alloy brackets, a 12 volt high volume air compressor, regulator, relief valve, and all the quick fit airline fittings, tubing, fixing screws, Spade bit, plus a full set of fitting instructions for those do it yourself people.

Never before have you been able to lift the roof of your RV without lifting a finger.

INSTANT OPERATIONS

Your roof pops up while you watch. Our unobtrusive air lifters assist your existing roof lifting mechanisms. Simply flick the switch and your roof can be up in seconds with no effort on your part.

INTERNAL LIFTERS

The internal lifting kit is available for RV's that may not have the space for an external kit. The clear airlines blend in easily along with the air lifters. For further details contact your local distributor or RV Airlifters directly.

Our aim is to keep you on the road traveling and enjoying every moment, not worrying if you are going to be able to push your roof up or struggle with bed storage when you get to your destination.

Don't waste thousands of dollars changing your RV., Fit an air roof lifter instead, you'll be glad you did!

TESTIMONIALS...

Have fitted lifters & boy do they work. No more struggles to lift the roof, just press a button & up goes the roof in less than 10 sec. Thankyou Tim for a great product.

Ken & Cheriec. (WA)

My wife is away in the camper this week thanks to your airlifters she can go off alone now with having to worry about getting the roof up. The system was very straight forward to install and easily lifts the roof with the solar panels on it. I would recommend it to anyone with a pop top roof.

Regards, Peter (VIC)

Just wanted to let you know how happy we are with the airlifters and the ease of fitting, great

instructions. Will recommend them to all pop top owners.

Cheers, Cam (WA)

We are very impressed by the way you assist prospective and current clients with any information they require, quick and prompt service as well as making it easy (by sending all relevant information) for people like myself to install the air lifters. it is a great concept, easy to manage and really makes light work of lifting rather heavy roofs. No doubt we will be showing our new lifting system to anyone interested, and will proudly do so. If they require details, will recommend they contact you. Thanking you once again. it has been a pleasure doing business with you.

Kindest Regards - from Bob & Gay P
